

BATTLE OF THE BANDS is a Utah PTA program introduced in the 2001-2002 school year to give high school students the opportunity to share, celebrate, and be recognized for their garage-band musical talents through participation in a statewide competition. PTA volunteers at all levels are essential to make the magic happen. Get involved and be a part of history as we celebrate our 25th anniversary!

Our team is eager to help you bring this fun and impactful program to your school! We're sure you'll love "BOB" as much as we do!

PROGRAM BASICS

Participation in the program is open to any student in 9th–12th grade. They can compete as solos, duets, and multi-member bands. Acts must be affiliated with a PTSA school.

Local PTA leaders host a competition for all acts registered with their school and advance their winners to compete in a Multi-Region competition based on Utah PTA Areas. The top three acts from those competitions are advanced to the State-level competition. Winners at each level are often invited to perform at other venues.
